

MILLTec EVO

Permanent-electro magnetic plates
with round polarity

EVOLUTION AT THE MAXIMUM POWER

MILLTEC EVO represents the extreme evolution of the well-known and patented MillTec system, presenting itself as the most advanced technological expression of permanent-electro clamping systems for milling.

▶ **Superior magnetic force under milling operating conditions**

▶ **Full metal, flat surface**

▶ **Machinable surface up to a depth of 6 mm**

MILLTEC EVO

Permanent-electro magnetic plates
with round polarity

Perfect combination with the patented extensions Movable RPMs and Fixed PFRs

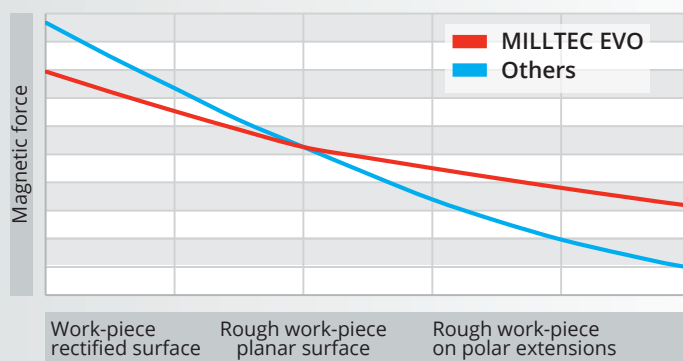

Available in all sizes of the MILLTEC range

MILLTEC EVO comparison vs other plates on the market

Description	MILLTEC EVO	Others
Magnetic force under ordinary milling operations	****	***
Machinable full metal planar surface	****	**
Set up polar extensions (speed, precision and cleaning)	****	*
Steel surface and protection from coolant	****	**

* fair
** good
*** very good
**** excellent
